7 CFR Part 1484

Programs to Help Develop Foreign Markets for Agricultural Commodities

AGENCY: Commodity Credit Corporation and Foreign Agricultural Service, U.S.

Department of Agriculture (USDA).

ACTION: Final rule.

SUMMARY: The Office of Management and Budget (OMB) revised and renumbered certain provisions in its regulation establishing uniform administrative requirements, cost principles, and audit requirements for Federal awards to non-Federal entities. This final rule amends the U.S. Department of Agriculture's (USDA) regulations on Programs to Help Develop Foreign Markets for Agricultural Commodities ("FMD regulation") to make technical corrections to reflect the revised OMB regulations. This final rule also makes three minor changes to the FMD regulation: to modify the timing of the evaluation provision; to add one additional exemption for a USA Pavilion waiver request; and to add certain flexibilities to the sample shipment requirements.

DATES: This rule is effective [INSERT DATE OF PUBLICATION IN THE FEDERAL REGISTER].

Persons with disabilities who require an alternative means for communication of information (e.g., Braille, large print, audiotape, etc.) should contact Angela Ubrey (Human Resources, 202-772-4836) or Constance Goodwin (Office of Civil Rights, 202-379-6431).

SUPPLEMENTARY INFORMATION: The FMD regulation, 7 CFR part 1484, refers to and cites various sections of 2 CFR part 200. As a result of amendments that OMB

made to 2 CFR part 200 in August 2020, the Commodity Credit Corporation (CCC) has identified a number of instances where technical corrections are necessary. This final rule makes those technical corrections where needed. In addition, this final rule also modifies the timing of the evaluation provision and adds one additional exemption for a USA Pavilion waiver request.

This rule involves a matter relating to agency management or personnel or to public property, loans, grants, benefits, or contracts. Accordingly, notice and other public procedure on this rule are unnecessary and this rule may be made effective less than 30 days after publication in the Federal Register. See 5 U.S.C. 553.

Catalog of Federal Domestic Assistance

The program covered by this regulation is listed in the Catalog of Federal Domestic Assistance (CFDA) under the following Foreign Agricultural Service (FAS) CFDA number: 10.600, Foreign Market Development Cooperator Program.

E-Government Act Compliance

CCC is committed to complying with the E-Government Act of 2002 (44 U.S.C. chapter 36), to promote the use of the internet and other information technologies to provide increased opportunities for citizens' access to Government information and services, and for other purposes.

Executive Order 12866 and 13563

Executive Order 12866, "Regulatory Planning and Review," and Executive Order 13563, "Improving Regulation and Regulatory Review," direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). Executive Order 13563 emphasized the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. The

requirements in Executive Orders 12866 and 13573 for the analysis of costs and benefits apply to rules that are determined to be significant. It has been determined that this action is not significant for the purposes of Executive Order 12866; therefore, this rule was not reviewed by the Office of Management and Budget.

Congressional Review Act

Pursuant to the Congressional Review Act (5 U.S.C. 801 et seq.), the Office of Information and Regulatory Affairs has designated this rule as not a major rule, as defined by 5 U.S.C. 804(2).

Executive Order 12988

This rule has been reviewed in accordance with Executive Order 12988, “Civil Justice Reform.” This rule does not preempt State or local laws, regulations, or policies unless they present an irreconcilable conflict with this rule. This rule will not be retroactive.

Executive Order 12372

Executive Order 12372, “Intergovernmental Review of Federal Programs,” requires consultation with officials of State and local governments that would be directly affected by the proposed Federal financial assistance. The objectives of the Executive order are to foster an intergovernmental partnership and a strengthened federalism by relying on State and local processes for the State and local government coordination and review of proposed Federal financial assistance and direct Federal development. This rule will not directly affect State or local officials and, for this reason, it is excluded from the scope of Executive Order 12372.

Regulatory Flexibility Act

The Regulatory Flexibility Act (5 U.S.C. 601–612), as amended by the Small Business Regulatory Enforcement Fairness Act of 1996, generally requires an agency to prepare a regulatory flexibility analysis of any rule that is subject to notice and comment

rulemaking under the Administrative Procedure Act (APA) or any other law, unless the agency certifies that the rule will not have a significant economic impact on a substantial number of small entities. The Regulatory Flexibility Act does not apply to this rule because CCC is not required by the APA or any other law to publish a notice of proposed rulemaking with respect to the subject matter of the rule. Therefore, this action is not a rule as defined by the Regulatory Flexibility Act and, thus, is exempt from the provisions of that Act.

Executive Order 13132

This rule has been reviewed under Executive Order 13132, “Federalism.” This rule will not have any substantial direct effect on States, on the relationship between the Federal Government and the States, or on the distribution of power and responsibilities among the various levels of government, except as required by law. This rule does not impose substantial direct compliance costs on State and local governments. Therefore, consultation with the States was not required.

Executive Order 13175

This rule has been reviewed in accordance with the requirements of Executive Order 13175, “Consultation and Coordination with Indian Tribal Governments.” Executive Order 13175 requires Federal agencies to consult and coordinate with tribes on a government-to-government basis on policies that have tribal implications, including regulations, legislative comments or proposed legislation, and other policy statements or actions that have substantial direct effects on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. CCC does not expect this rule to have any effect on Indian tribes.

Unfunded Mandates

Title II of the Unfunded Mandate Reform Act of 1995 (UMRA, Pub. L. 104-4)

requires Federal agencies to assess the effects of their regulatory actions on State, local, or Tribal governments or the private sector. Agencies generally must prepare a written statement, including a cost benefit analysis, for proposed and final rules with Federal mandates that may result in expenditures of \$100 million or more in any 1 year for State, local, or Tribal governments, in the aggregate, or to the private sector. UMRA generally requires agencies to consider alternative methods and adopt the more cost effective or least burdensome alternative that achieves the objectives of the rule. This rule contains no Federal mandates under the regulatory provisions of Title II of the Unfunded Mandates Reform Act of 1995 for State, local, or Tribal governments, or the private sector. Therefore, this rule is not subject to the requirements of sections 202 and 205 of UMRA.

Paperwork Reduction Act

This final rule contains no new reporting, recordkeeping, or third-party disclosure requirements under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.).
